2026 - 2030**

## What We Stand For

**CEDSI Nigeria** is a non-profit organization committed to advancing sustainable development and improving the living conditions of vulnerable and marginalized communities across Nigeria. The organization operates with a strong focus on addressing the root causes of social, economic, and environmental challenges that hinder community growth and long-term development.

CEDSI Nigeria plays a critical role in promoting sustainable development by supporting community-based initiatives that strengthen livelihoods, enhance social inclusion, and encourage responsible use of natural resources. Through capacity-building programs, advocacy, and collaborative partnerships, the organization helps communities develop the skills, knowledge, and structures

# Our Mission & Vision

## Vision

A society where communities are empowered, and development is equitable, sustainable, and just.

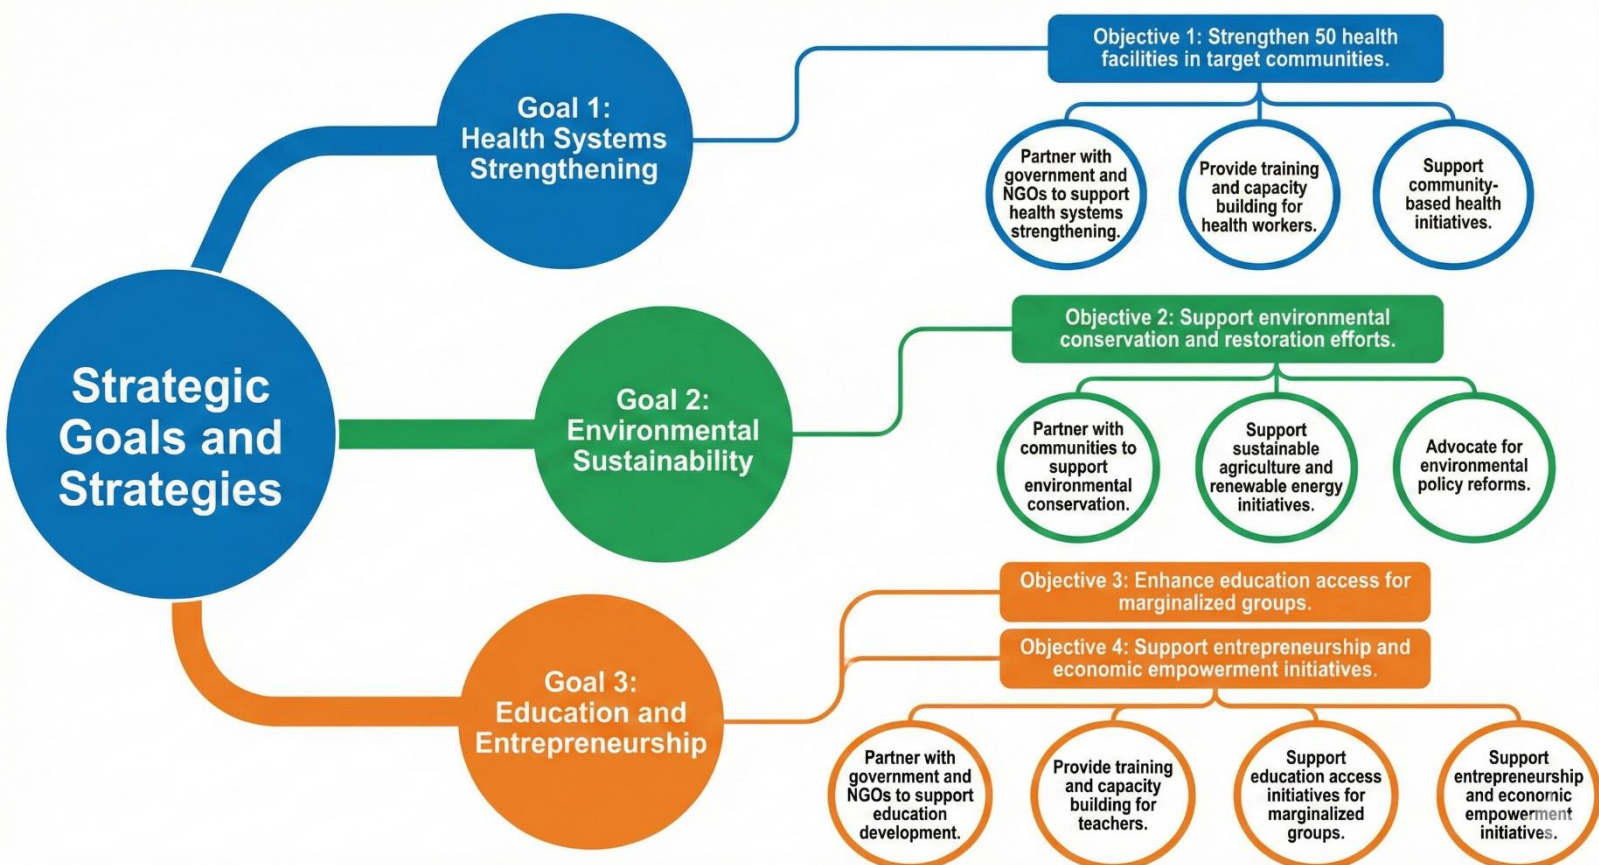

## Mission

To promote good governance, community development, and social justice through research, capacity building, and advocacy, with a focus on health systems strengthening, environmental sustainability, access to education, prevention of gender-based violence, responsible extractive industry practices, and technology-assisted development and entrepreneurship.

# Objectives

- 1 Strengthen health systems and improve health outcomes in target communities.
- 2 Promote environmental sustainability and conservation practices.
- 3 Enhance access to quality education for marginalized groups.
- 4 Prevent and respond to gender-based violence through preventive measures, awareness, outreach, and psychosocial support.
- 5 Foster good governance, community development, and civic engagement among youths.
- 6 Support community-led initiatives and social entrepreneurship.
- 7 Conduct research and provide technical assistance to inform policy and programming.
- 8 Promote transparency and accountability in the extractive industry.
- 9 Leverage technology to drive development and entrepreneurship.

# Strategic Goals and Strategies

**Strategic Goals and Strategies**

**Goal 4: Gender-Based Violence Prevention**

**Goal 5: Good Governance and Community Development**

**Objective 5:** Promote preventive measures, awareness, and outreach to prevent gender-based violence.

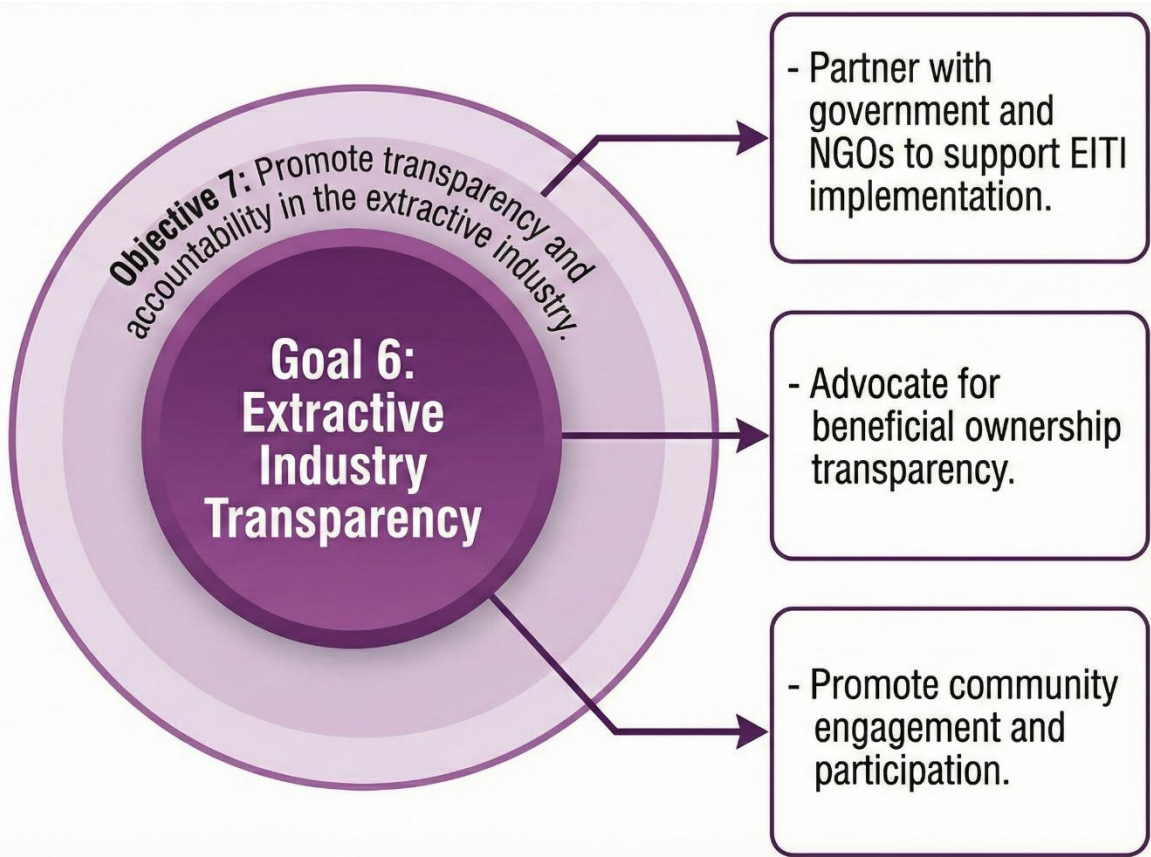

**- Strategies:**

- Establish psychosocial support centres for survivors of gender-based violence.
- Conduct community outreach and awareness campaigns.
- Develop and disseminate information, education, and communication materials.
- Support advocacy efforts to promote policy reforms and legislation.

**Objective 6:** Foster good governance, community development, and civic engagement among youths.

**- Strategies:**

- Support voter mobilization and civic education initiatives targeting youths.
- Conduct community outreach and awareness campaigns on governance and civic engagement.
- Partner with government and NGOs to support community-led initiatives.
- Promote transparency and accountability in governance.

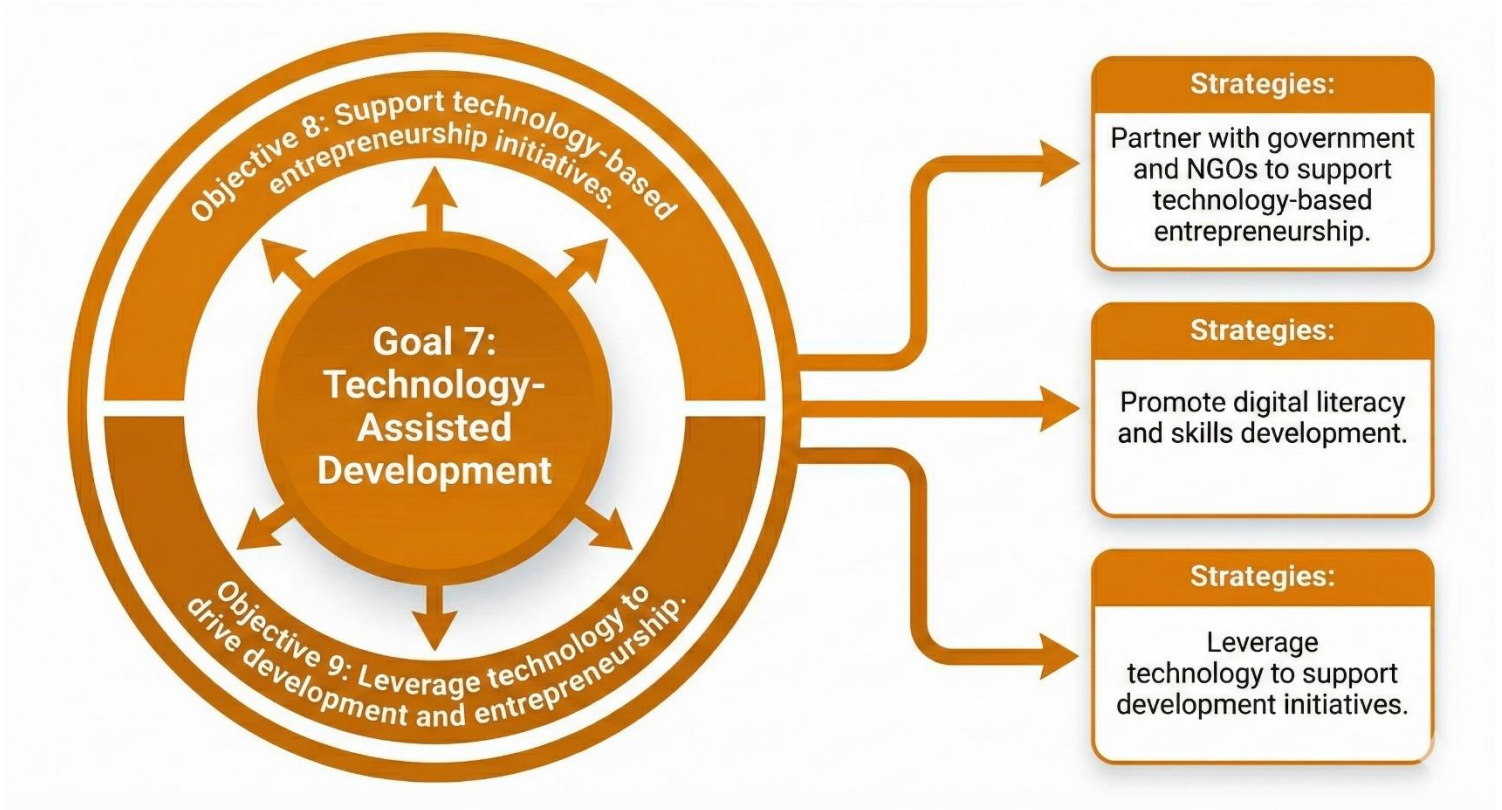

**Objective 7: Promote transparency and accountability in the extractive industry.**

**Goal 6: Extractive Industry Transparency**

- Partner with government and NGOs to support EITI implementation.

- Advocate for beneficial ownership transparency.

- Promote community engagement and participation.

## Monitoring and Evaluation:

Develop and track key performance indicators (KPIs) for each objective.

Conduct regular monitoring and evaluation to assess progress.

Use data to inform decision-making and improve programming.

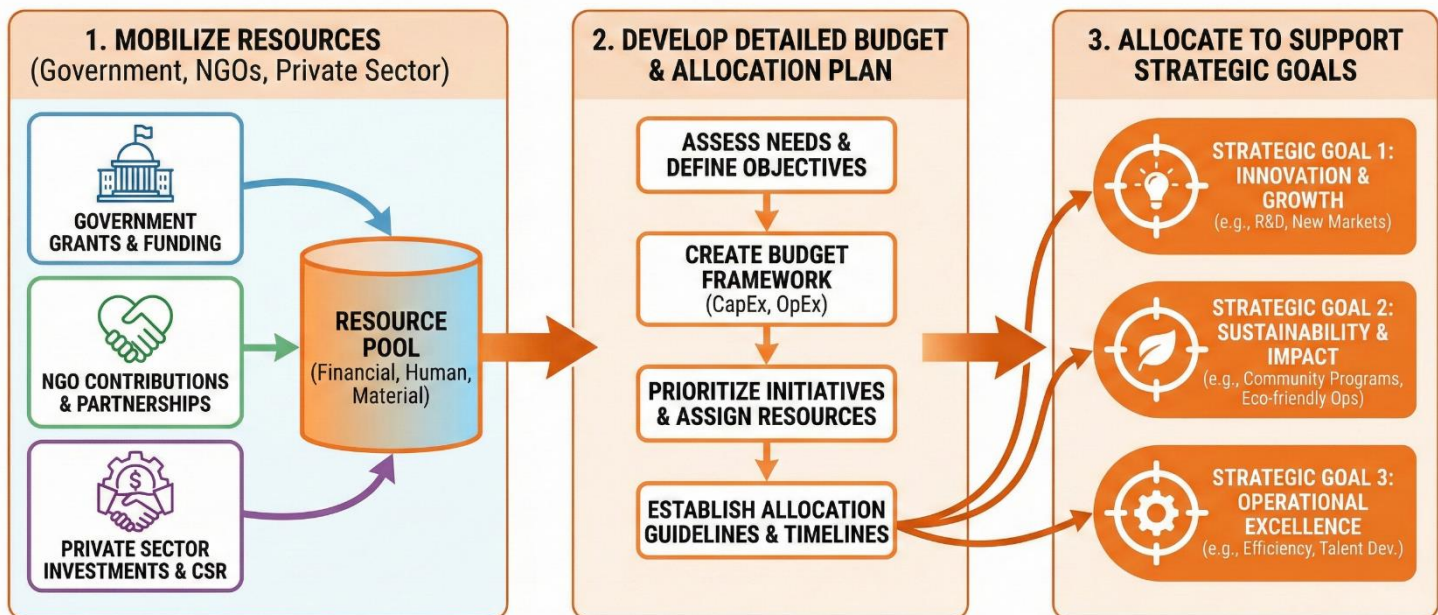

## Budget and Resource Allocation

Develop a detailed budget and resource allocation plan.

Allocate resources to support strategic goals and objectives.

Mobilize resources from government, NGOs, and private sector partners.

# Budget and Resource Allocation ( Strategy & Mobilization)

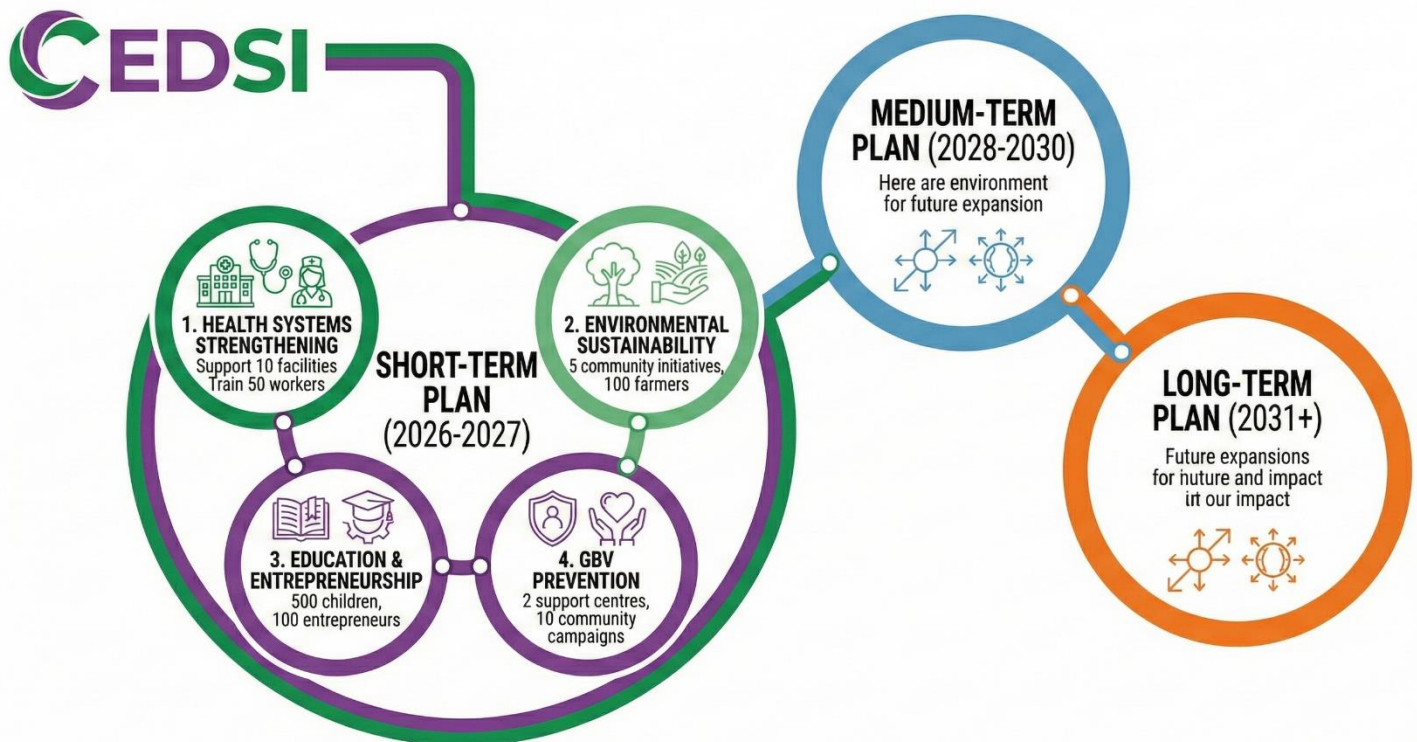

## Partnerships & Collaborations

Develop partnerships with government, NGOs, and private sector partners.

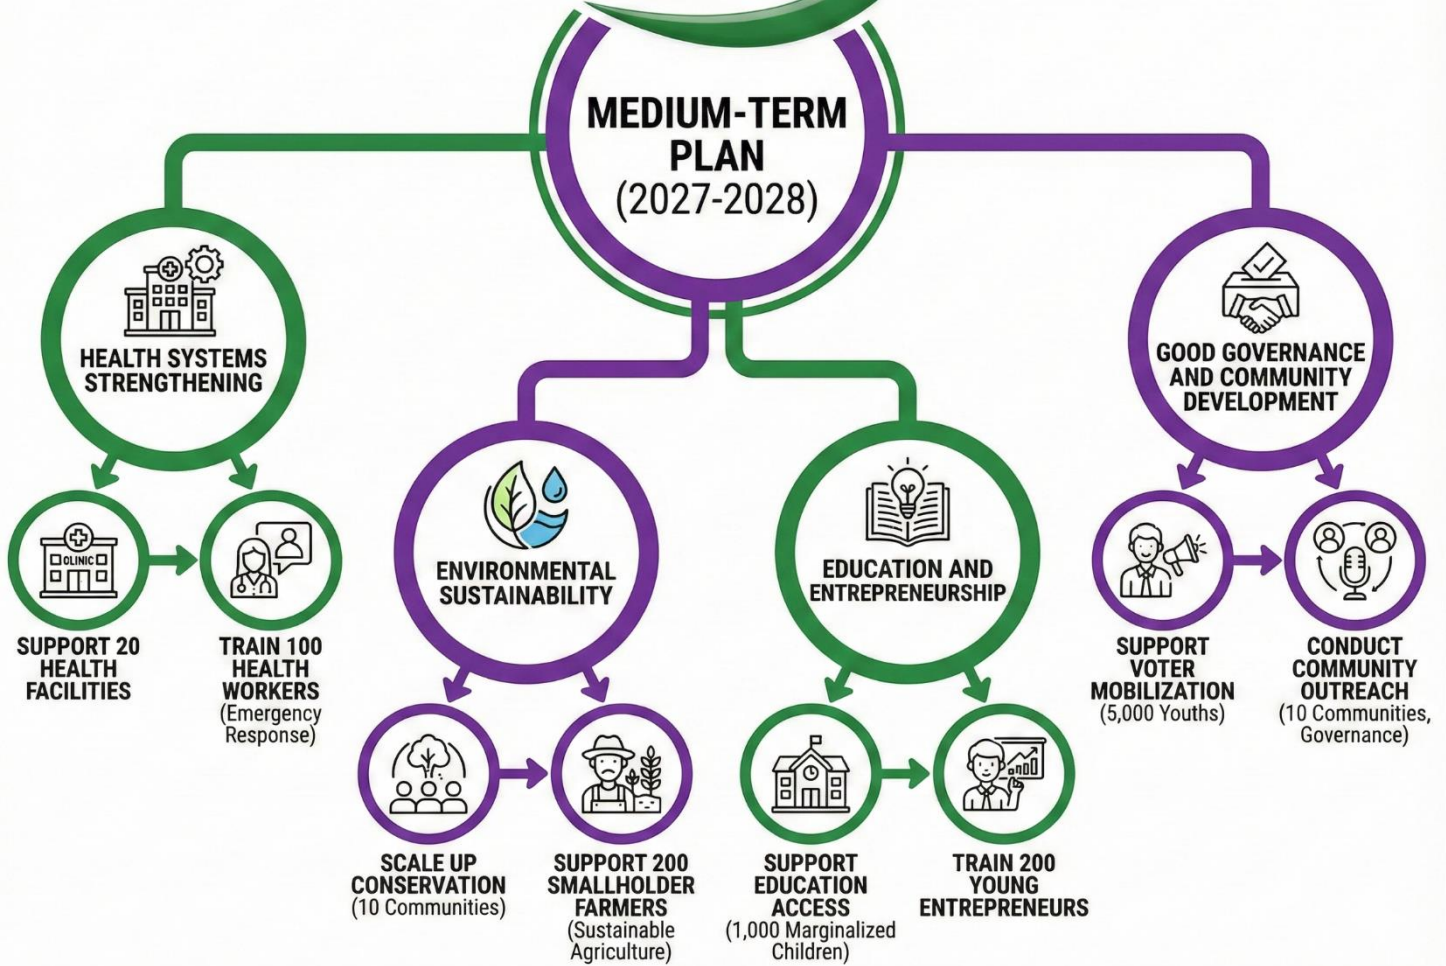

Collaborate with communities to support development initiatives.

Engage with international organizations and networks to support development goals.

# Short, Medium, and Long – term plans for CEDSI Nigeria

## Medium – Term Plan (2027 – 2028)

## Long – Term Plan (2028 – 2030)

These plans outline CEDSI Nigeria's priorities and objectives for the next four years, with a focus on health systems strengthening, environmental sustainability, education and entrepreneurship, and good governance and community development.

## Here are some innovative activities that can happen:

### Health Systems Strengthening

- **Telemedicine:** Implement telemedicine platforms to increase access to healthcare services, especially in rural areas.
- **Mobile Health Clinics:** Establish mobile health clinics to provide healthcare services to underserved communities.

- **Community Health Worker Training:** Train community health workers on emergency response and preparedness, and equip them with mobile technology to report health data.
- **Health Data Analytics:** Use data analytics to track health trends, identify areas of improvement, and inform decision-making.

## Environmental Sustainability

- **Renewable Energy:** Promote the use of renewable energy sources, such as solar and wind power, in communities.
- **Sustainable Agriculture:** Support sustainable agriculture practices, such as organic farming and permaculture, to improve food security and reduce environmental degradation.
- **Waste Management:** Implement waste management systems, including recycling and composting, to reduce waste and promote environmental sustainability.
- **Eco-Tourism:** Develop eco-tourism initiatives to promote environmental conservation and support local economies.

## Education and Entrepreneurship

- **Digital Literacy:** Provide digital literacy training to marginalized groups, including women and youth, to enhance their access to education and employment opportunities.
- **Entrepreneurship Incubation Centers:** Establish entrepreneurship incubation centers to support young entrepreneurs and start-ups.
- **Vocational Training:** Provide vocational training to marginalized groups, including persons with disabilities, to enhance their employability.
- **Online Education Platforms:** Develop online education platforms to increase access to education for marginalized groups.

# Good Governance and Community Development

1. Citizen Engagement Platforms: Establish citizen engagement platforms to promote transparency and accountability in governance.
2. Community Scorecards: Develop community scorecards to track the performance of local governments and promote accountability.
3. Youth Engagement Initiatives: Support youth engagement initiatives, including youth councils and youth-led organizations, to promote civic engagement and leadership among youths.
4. Community-Led Initiatives: Support community-led initiatives, including community development projects and social entrepreneurship initiatives, to promote community development and ownership.
